MEDICAL SCHOOL ASKS FOR COMPULSORY FEE

Submit Petition To President Lewis For New System of Financing Activities.

OPPOSES PRESENT PLAN

Points Out Reasons For Failure of Present Form of Voluntary Student Activities Tax.

Declaring that a compulsory activity fee is necessary to properly carry on the student activities which will go to make up the Greater George Washington University Medical School has unanimously petitioned President William Mather Lewis to establish this plan. Many reasons are given in the document sent to the president for its adoption.

Two reasons are given for urging the adoption of the proposed plan of financing student activities. They are that, "The failure of the present voluntary system; and the numerous benefits to be derived from the proposed student activity fee."

Insufficient support, cumbersome and ineffective method of securing signatures, unnecessary friction, inability to plan for activities, due to uncertainty as to amount of money to be expended, and the fact that the present system is unjust, are given as reasons for the abolishment of the present plan.

The petition follows:

Mr. William Mather Lewis, Pres.,
George Washington University,
Washington, D. C.

Dear President Lewis: Herewith we submit the unanimous request of the student body of the George Washington University Medical Department for a FEE FOR STUDENT ACTIVITIES (compulsory). Our urge for the adoption of this plan for financing extra curricular student activities is based on two main factors: The failure of the present voluntary system and the numerous benefits to be derived from the proposed student activity fee.

The present system of voluntary support has failed for the following reasons:

1. There has been insufficient support on the part of the students to produce the funds necessary to carry out a comprehensive system of student activities. It has even been found necessary to curtail many important activities, due to the lack of funds.

2. It is very difficult to administer in its present form, because the means resorted to in securing signatures is cumbersome and ineffective. At the beginning of each year much time is wasted unnecessarily in making frantic appeals to everyone to "please sign the tax." The result is very disappointing, for each successive year is bringing about a gradual decrease in the number of signers. Unless radical steps are taken, we will soon have no student activities.

3. An immense amount of unnecessary friction has been created in an effort to get signatures—so much so, that it has even pervaded the student council, where certain members are nonsigners because they are conscientiously opposed to the present unfair and unproductive system.

4. The present system is inefficient. We have never been able to plan our activities for the succeeding year owing to the instability of the amount of money to be expended each year. We have never had ample funds to conduct any of our affairs properly. We have even been unable to support a baseball team.

5. Finally, the present system is unjust, in that it permits a small number of students to finance, or attempt to finance, the whole program of student activities.

The proposed fee for student activities will not only eradicate each of the defects of the present system, but will confer numerous benefits upon the activities of the students in the following way:

1. It will provide ample funds for the proper management of all student activities.

2. It will be easy to collect. This can be accomplished by assessing each student, on the payment of his tuition fee, an additional extra curricular activity fee, which will probably be less than half the present fee.

3. The payment of this fee by each student will create a more active interest on his part in the disposition of his money and the activities supported by it. In other words, it will establish a system of wider participation by the whole student body, and this will

FASCISTI POLICIES UPHELD AT HISTORICAL SOCIETY

At the meeting of the Historical Society last Tuesday night a very interesting address on the Fascisti movement in Italy was delivered by Mr. Pucci. This society was organized by Professor Charles C. Swisher and has regular meetings every two weeks.

Mr. Pucci began with the editorial work of the present Premier Mussolini, when in the period of reaction and radicalism after the world war he made a name for himself by his fearless opinions and in which he outlined the organization of the present Fascisti government of Italy. While this idea was only embryonic in his editorial work, he soon had a chance to put into practical use the ideas which he had formed.

Soon the patriotic and freedom-loving part of the populace, especially the soldiers, gathered around Mussolini's standard and placed the organization on a firm basis and assumed the power of the government.

Mr. Pucci claims that now the Fascisti government is one of the strong ones of the world and that it is on a firm footing. Mr. Pucci attempted to justify the policies of Mussolini, and as a whole, the lecture was very interesting.

The next meeting of the society will be Tuesday evening at 8 o'clock in room 22, building 5. All students who have any history courses are cordially invited to attend. A debate on an interesting and up-to-date subject will be arranged for the next meeting.

MANY REGISTERED IN INTER CLASS MEET

Columbian College Leads, With Only Small Number Entered From Some Schools.

FRESHMEN ENTRIES LARGE

Attractive Prizes for Winning Class, Individual Point Winners and Organizations

There are now no less than ninety entrants in the George Washington Interclass Track and Field Meet scheduled for Saturday, April 13, at the Central High School Stadium. These entrants will participate in approximately two hundred events, almost every one being entered in more than one event.

Of these entrants Columbian College has the majority by a large number. Approximately fifty men and forty women are entered in the meet. Every sorority in the University will be represented and most of the fraternities have relay teams. Law School stands second with a small number of entrants, while Teachers' College, Medical School, Engineering and the Graduate School are represented by just two or three entrants. However, Stanley J. Tracey, Clerk of the Course, and Hilory A. Tolson, President of the G. W. Club and Captain of the Track Team, under whose auspices the meet is being held, expects the number of entrants to increase daily, especially in the departments mentioned last.

The Senior, Junior and Sophomore classes are fairly evenly matched as to the number of entrants, while the Freshman class has over twice as many entrants as any of the other two.

A large silver loving cup will be presented to the winning class. This cup will be held for one year and at the next annual meet will be passed on to the next winning class. This cup is presented in memory of Dr. Louis A. Fisher, former G. W. graduate and famous District athlete, who held several championship titles in various sports.

The individual high point winner in the men's events will be awarded a cup given by Tom Probey, coach of the track team. There will also be an individual point winner's cup in the women's events.

A handsome plaque will be awarded to the winning fraternity in the interfraternity relay race and a cup will be awarded the victorious sorority. Numerals of the graduating year will be awarded to all entrants winning five points or more. This list constitutes a very attractive group of prizes and the officials of the meet urge all who possibly can to enter the meet.

Hilory A. Tolson announces for the benefit of the entrants the following list of officials for the meet:

Referee: Bryan Morse, Director of Student Activities.

Starter: Thomas F. Probey, Coach of Track Team.

Clerk of the Course: Stanley J. Tracey, former manager and at present sporting editor of the Cherry Tree.

Assistant Clerk of the Course: Manager John R. Reynolds.

Judges of Field Events: Prof. Henry Grattan Doyle; Prof. Evans, Law School; Prof. Bolwell; Prof. Sutton.

Timers: I. A. Peake; Carl Knight; "Maud" Crum, new football coach at George Washington.

The G. W. Club asks that all entrants or possible entrants get in touch with Stanley J. Tracey, Clerk of the Course, 1733 N Street N. W., Washington, D. C., at once. Applications will not be accepted later than April 12.

All entries for the interclass track and field meet must be in not later than Saturday, April 12, according to announcement of Stanley J. Tracey, clerk of the course.

SENIORS ATTENTION

All students who are candidates for degrees in June are urged by the Registrar of the University to turn in their names to the office, so that a check on their credits may be made at this time. It is important that this list be complete in the next two weeks. Prompt attention to this matter by the candidates for degrees will be appreciated by the Registrar.

SUMMER CATALOG READY

Thirty new courses will be given in the summer school this year according to Dean William C. Ruediger, in charge of this work. The catalogue has been completed and will be ready for distribution shortly.

Final Tryout to Be Held Thursday, April 10 in Lisner Hall—Tickets Placed on Sale

IMPORTANT NOTICE!

A try-out for the Union Vodivil will be held in Lisner Hall Chapel, Thursday evening, April 10, at 7.30 o'clock. All persons who expect to take part in the Vodivil MUST be present at this try-out if only to indicate their willingness to comply with the stringent regulations that, of necessity, attend the staging of a vodivil.

"Here's your chance to have a part in the Union Vodivil," announces Marian Barker, director of that enterprise, in telling of the final rehearsal to be held Thursday, April 10, at 7.30 p. m. in Lisner Hall. All persons who expect to take part in the Vodivil must be present at this try-out.

The Vodivil being presented by the Mimes is to be part of the celebration of Senior Week. It will be given at Central High School Auditorium, through the courtesy of the Community Center and the Musical Association, on Saturday, May 31.

The Vodivil is being rapidly worked to a completion. Several acts are already in rehearsal and more are being put into shape. From the reports of the director, Marian Barker, a "galaxy of glittering stars will peerade that night," or words to that effect. Additional acts are expected from the try-outs to be held this Thursday.

Tickets, which will be placed on sale this week, will sell for 50 cents.

ALL PLANS COMPLETE FOR JUNIOR LAW PROM

Famous Carolinians Will Furnish Music for Endowment Dance at Hotel Washington

Plans have been completed for the George Washington Endowment Prom to be given by the Junior Class of the Law School. According to announcement made by Layton C. Taylor, president of the class, the prom will be held in the Salon des Nations of the Hotel Washington on April 26.

Music will be furnished by the famous Carolinians.

The proceeds from this dance will be turned in to the building and endowment fund. The affair is informal, and is open to all students in all departments of the University and their friends. It will provide a means whereby students may all contribute in a small way to help build the Greater George Washington University and at the same time go to a good dance.

The price of the tickets has been kept down to \$2, so the affair can be within the reach of all students. Tickets may be secured from the office of the Registrar, the Medical School Office, the office of the secretary of the Law School, at all fraternity houses, or from members of the committee.

The Ticket and Finance Committee, upon which the great amount of the work falls, is composed of the following students: G. M. Brumbaugh (chairman), J. A. Bresnahan, G. A. Butler, B. H. Corbin, F. A. Dawson, J. N. Diggins, W. B. Glover, L. W. Johnson, W. D. Lavender, I. M. Lavine, A. J. Law, C. D. Lieter, J. H. Litselman, Dorothy Moncure, Hazel Newton, Margaret Conlyn, E. H. Oliver, C. E. MAKING GOOD CITIZENS WORK OF UNIVERSITY

President Lewis Tells Pyramid Society At Their Annual Banquet.

CRUM SPEAKS ON SPIRIT

Ten Men Are Initiated—Robert H. McNeil Elected President, Walter Stokes, Vice President.

"Making of effective citizens is the chief work of the University," declared William Mather Lewis, President of George Washington University, in a speech before the Pyramid Honor Society at their annual spring banquet, held at the Hotel LaFayette, Friday, April 4. "Everything that furthers this one end is important," avowed the president, "and that is why student activities, the athletic interests, debating competitions, publications, and the other endeavors, are of such a vital importance to the University and its students."

"We are going ahead with plans to furnish the proper facilities to carry on the activities. A gym and the athletic field will shortly be added to the equipment of the University. Much thought is being given to the problem of making proper provision for the activities," continued President Lewis.

"I urge upon you to take every opportunity to get on your feet and speak. This ability will be one of the best assets you can possess, with the increased importance of public speaking and oratory since the war and the ever increasing use of the radio," exhorted the University head. "Next year we are going to have systematic coaching in debating, so that many more can be reached and receive this important training."

Harry Watson Crum, who assumed his duties as football coach and personal assistant to President Lewis, Friday, April 4, outlined his plans for the coming year. He emphasized the fact that a football squad to be successful must have the whole-hearted support of the entire body. "With the spirit of the University back of the team and plenty of supporters attending the games, rooting and cheering, a successful squad would be developed," predicted Coach Crum.

Reverend David Ransome Covell, one of the founders of Pyramid Honor Society, spoke of the outlook of the University from the viewpoint of one of its alumni. Rev. Covell is at present located at the Trinity Parish, this city.

Others who spoke were Henry Grat-tan Doyle, professor of Spanish; Bryan Morse, director of student activities; William C. Van Vleck, dean of the Law School; Dr. Daniel L. Borden, University physician and professor in the Medical School; and Edward L. Scheuffer. De Witt C. Croissant, professor of English, was master of ceremonies. He added a novel touch to the program by introducing the different speakers with original verse of poetry, mainly of the free verse variety.

Previous to the banquet the initiation of the ten men, recently elected, was held. The men initiated were Washington Irving Cleveland, Robert William Colflesh, Henry Clay Espey, W. Graham Fly, Henry H. James, Lester Wylie Johnson, David N. Laux, George Wilfred Pryor, William Van Amberg Simmons, and Stanley J. Tracy.

Officers for the coming year were elected. Robert H. McNeil was named president for the school year of 1924-25. Walter R. Stokes, champion rifle shot of the world, was elected vice president; Henry H. James, chairman of the recent endowment drive among the students, was selected for the position of secretary-treasurer; and Washington Irving Cleveland was made the historian of the Society.

MASONIC CLUB DANCE PROVES BIG SUCCESS

THE TRACK MEET

With the coming of the spring
breezes there also comes a desire
to get away to some extent from
grinding away at "math" or his-
tory, or whatever may be the
enthralled subject. This diversion
usually comes in the form of
track-meet competitions.

George Washington is just full
of this diversion. She is prepar-
ing for an interclass track and
field meet, to be held April 19
at the Central High School Stadi-
um.

This meet is going to stack up
one class against another, one
fraternity against another, and
one sorority against another in
track sports. This will create a
spirit of friendly class and group
rivalry, which in turn will mean
an enlivened interest in the
things that make for school
spirit. It is getting together,
"hurrahing," shouting, throwing
caps in the air, and growing ex-
cited over victories, and a little
disappointed in defeats, that
make for true school spirit.

George Washington has had
plenty of athletic teams; but she
lacked this spirit to some extent
in the past. The school has
either been so large or divided
into so many segregated sections
that all have not had the oppor-
tunity to get together in the
things that interest them collec-
tively. This track meet is one
of the first moves along that
line. There is plenty of class
spirit here. That was expressed
last fall at the Roll Call and in
the many Freshman-Sophomore
scraps. Hence the classes will
have good representation, both
in members participating in the
meet and class members attend-
ing the meet. Fraternities and
sororities are known and made

by their achievements. You can
lay a sure bet that they are not
going to lay aside the opportu-
nity to pick a few athletic tro-
phies.

The track meet is assured of
able participants and full at-
tendance. We can count on it to
be another step in the progress of
George Washington University
and in the development of a uni-
versal school spirit.

FASCINATION AND POWER OF JOURNALISM RELATED

By Miss Nell Clarke of Natural Geo-
graphic Society—Five Girls
Are Initiated

Five girls who have been on Uni-
versity publications were given recog-
nition when they were initiated last
Friday night into Gamma Eta Zeta,
journalistic sorority. The girls were
Mildred Murray, Dorothy Bartley,
Maxine Rolfe, Hannah Hunt Stokes
and Gretchen Campbell.

Following the initiation ceremony,
which was held at the Restaurant
Madrillon, the annual banquet of the
fraternity was held in honor of the
new members. The speakers were for
the most part from the journalistic
department of the University. The
one guest not connected with that de-
partment was Miss Nell Clarke, of the
National Geographic Society, who
spoke of the fascination and power of
journalism as a profession.

Mr. and Mrs. Daniel C. Chase and
Mr. William Northrop Morse repre-
sented the University in its journalis-
tic aspect. Very interesting remin-
iscences on the part of Mr. Chase, and
a talk by Mr. Morse on the profession
as open to women, were features of
the evening.

PRESENT MRS. COOLIDGE'S PORTRAIT AT CONFERENCE

Pi Beta Phi Sorority to Hold Annual
Convention Here, April 10, 11
and 12—Many to Attend

The portrait of Mrs. Coolidge, re-
cently finished by Howard Chandler
Christy, will be presented on Friday
at a reception at the White House
by the Pi Beta Phi Fraternity, of
which Mrs. Coolidge is a member.
The presentation will be one of the
most important events of the Eastern
Conference of the fraternity, the busi-
ness sessions of which will be held at
the New Willard on April 11 and 12.
Miss Amy B. Onken, the national
president, will preside.

Mrs. Coolidge was initiated by the
chapter at the University of Vermont
and was a national officer of the fra-
ternity after her graduation from col-
lege. She is the first mistress of the
White House to be a member of a
national Greek-letter fraternity. The
portrait is a gift of the alumnae as
well as the sixty-eight active chap-
ters which are scattered throughout
the United States. There is also a
chapter at the University of Toronto,
ten of whose active members will at-
tend the conference and presentation.

Other events will be an entertain-
ment given at the Willard on Thurs-
day night by the pledges of the local
Pi Phi chapter, a reception and dance
at the Congressional Club on Friday
night, a pilgrimage to Mt. Vernon on
Saturday afternoon and at night the
Founders' Day celebration and ban-
quet at the Willard, at which Dr.
Carrie Chapman Catt, a member from
the Iowa State University chapter,
will speak.

G. W. DEBATING TEAM MEETS BOSTON U. HERE

Home Team Challenges Power of
Courts to Declare Statutes Void.

Debate between George Washing-
ton University and the University of
Boston, on "Resolved, That the courts
should be deprived of the final power
to declare Federal Statutes uncon-
stitutional," will be held at 8 p. m.,
April 15, at the auditorium of the De-
partment of the Interior, Eighteenth
and F Streets N. W.

G. W. will meet one of the most
successful debating teams in the East,
the University of Boston. The sub-
ject is one which is urged in Congress
and the press today. The affirmative
of the question will be maintained by
George Washington. A hot word bat-
tle is expected. The Supreme Court
has nullified many humanitarian mea-
sures, but in the opinion of lawyers
such nullification was justified, be-
cause it is the business of the Su-
preme Court to see that all laws abide
by the Constitution. If the veto power
is taken from the courts, it will mean
that the legislature will be the strong-
est of the three branches of Govern-
ment. Such a change is deplored by
many who believe that Congress is not
deliberate and cool enough to remain
without a strong check.

George Washington's affirmative
team will be represented by Henry
Temin, Frank Smith, and Karl G.
Pearson. Temin is a winner of the
Kendall scholarship, a Law School
bachelor, and took his first degree with
distinction. Smith, secretary of the
Columbian Debating Society, was on
the Central High School Debating
Team. Pearson, treasurer of the Col-
umbian Debating Society, holds the
Firestone scholarship.

Because the debate of this impor-
tant subject will create entertainment
and give information, because it is the
last home debate of the season, stu-
dents are urged to attend.

Certain things we tell every customer BEFORE he makes his first purchase.
1. That the woollens we use are the sort that you will find in suits priced \$20 higher elsewhere.
2. That we guarantee "well-made" clothes (not custom-made).
3. That without complete satisfaction no sale is concluded. We will refund the purchase price if you are not entirely satisfied.
From the many customers we have made, it would seem that the LUXENBERG label plus money in his pocket is a sufficient inducement for any man to buy clothes in the LUXENBERG way.

SCHEDULE COMPLETED FOR INTERFRAT LEAGUE

Teams Divided into Two Divisions Will Play First Games of Series April 13

David Laux, chairman of the Athletic Committee of the Interfraternity Council, has announced the following baseball schedule for the Interfraternity League this spring. Games will be played on Sundays on the Monument Lot beginning with April 13 and running until May 18, when the last games will be played prior to the championship series between the winners of the two leagues. There are two leagues formed by teams representing eleven fraternities, one league composed of Sigma Chi, Theta Delta Chi, Kappa Sigma, Sigma Nu, and Delta Tau Delta, which will be known as League No. 1; while the second is composed of Sigma Phi Epsilon, Sigma Alpha Epsilon, Phi Sigma Kappa, Kappa Alpha, Acacia, and Wandering Greeks, and will be known as League No. 2.

Much interest is being evinced and all promise to put out the best they can. Laux announces that the usual rules and regulations of previous years will be in effect again this year. These rules will be published in a later issue of the Hatchet.

The schedule arranged is the best one possible when all things are taken into consideration and Laux requests that if there are any complaints, they be presented to him at once.

After all games have been played there will be a series between the winners of the two leagues to decide the championship team.

The schedule arranged is as follows:

MAY GRADUATE 450

Nearly 450 are expected to receive diplomas at the spring convocation, which is to be held in Memorial Continental Hall June 4. Dr. John Finley, at present one of the editorial writers for the New York Times, will be the commencement speaker.

INTERCOLLEGE INTERFRAT BASKETBALL GAME ONLY RUMOR

The local chapter of the Theta Delta Chi Fraternity has pronounced as rumor the announcement that their basketball team was making arrangements to play the Theta Delta Chi quint of the William and Mary College. Both teams have won the interfraternity contests at their respective schools. Although some members of the local chapter had planned a trip to Williamsburg, Saturday, April 5, no game was to be staged.

DEFEAT MARYLAND TEAM IN MIXED RIFLE MATCH

A Varsity rifle team, composed of five girls and five men, selected from their respective teams, at College Park Saturday defeated the University of Maryland rifle team, similarly composed, in a shoulder-to-shoulder match. The opposing shooters were paired off, girls against boys; that is, the Varsity girls opposed Maryland men and the Maryland girls opposed the Varsity men.

The match was decided by the results of the pair matches. The Varsity won six of them; Maryland won two. The remaining two pairs shot to ties.

The girls did remarkably well, three of them winning from their men opponents and two losing. The Varsity men won three times and tied twice. Walter R. Stokes and Thelma Winkler, captains of their respective teams, led off and ended in a tie, each making 99x100. College Park has a jinx on Captain Stokes. In the Varsity team match in February Stokes just made the team with a 99, the other team members making 100's.

Katharine Edmonston and Merrill Bowser, also captains of their respective teams, fired next. Miss Edmonston won, her score being 98 to 96 for Captain Bowser, of Maryland.

MANY ATHLETES ATTEND RECEPTION TO NEW COACH

A banquet attended by approximately sixty persons was given by the G. W. Club in honor of Harry Watson Crum, new football coach, at the University Club on Monday night, April 7. Many former letter men were present as well as a large number of those now actively interested in University athletics.

Hilroy A. Tolson, President of the G. W. Club, presided, and both President Lewis and Mr. Crum gave short talks. The new coach outlined briefly his plans for the coming season and expressed his appreciation for the welcome tendered him.

An added feature of the occasion was a selection by the Men's Glee Club.

G. W. GIRLS' RIFLE TEAM ADDS ONE MORE VICTORY

Another victory for the George Washington Girls' Rifle Team. In the telegraphic match with Cornell University last week, four possibles and one ninety-nine were the counting scores made by the George Washington team. The conditions of the match called for ten shooters, the five high scores to count, prone position, ten shots per shooter. Cornell made a score of 492.

A score of 499 out of 500 was also made by George Washington in a shoulder-to-shoulder match with Maryland University, at College Park, Saturday. This week the team is firing a competition with the University of Cincinnati.

MEDICAL SCHOOL ASKS FOR COMPULSORY FEE

(Continued from page 1.)

ultimately result in the creation of a universal college spirit, an adjunct which is invaluable to a university. 4. Furthermore, the compulsory system will be just and fair. Equal privileges should invoke equal responsibilities. A system which would compel the students to accept the benefits accruing from a whole-hearted participation in the University's affairs would be an opportunity for educational service.

In conclusion, the experience of other institutions, urban and rural, small colleges and large universities, is so overwhelmingly in favor of this point that it would seem superfluous to discuss the matter further. Therefore, the FEE FOR STUDENT ACTIVITIES is an indicated necessity for a GREATER GEORGE WASHINGTON UNIVERSITY. Such a system will be fair and just and will produce results.

Approved: WILLIAM C. BORDEN, Dean, Medical School.

TO ADD COURSES

Several new courses will be added to the summer school curriculum, according to Dean William C. Ruediger, in charge of the session.

E. Harry Camp, who was associate director of the endowment campaign, left yesterday to take up his new duties as field secretary in the Chamber of Commerce for the Southern District.

FACULTY BASEBALL TEAM PLANNING SPRING CAMPAIGN

Pyramid Society Accepts Challenge of Former All-Star Players—Other Big Games Planned.

Plans are under way for the formation of a faculty baseball team at the University. Spring practice will be called shortly, and a challenge has already been forwarded to and accepted by the Pyramid Honor Society. The game will probably be played during Commencement Week. H. G. Doyle has been unanimously elected manager of the team, and among the prospective candidates are William Mather Lewis, formerly pitcher of Wake Forest Academy; Bryan Morse, Western High School; R. W. Bolwell, Montclair Athletic Club; Hugh Miller, Princeton Country Club; W. C. Ruediger, Fountain City, Wisconsin, State Champions; W. C. Van Vleck, American Bar Association (pinch hitter); and Messrs. Gilbert Hall, "Dan" Borden, Whitfield McCoy, C. C. Rister, R. F. Griggs, "Louie" Kayser, C. M. Updegraff, J. R. Tapham, W. R. West, and A. L. Smith. The post of batboy has already been awarded, after a hot contest, to "Deacon" Croissant, former manager of Eastern High School football team.

Negotiations are pending for games with other teams of suitable ability and prowess.

SHAPIRO WINS RADIO PRIZE

Samuel Shapiro, of the Freshman Class, last week won first prize for freak sets at the recent Radio Show. His set showed the newest style for spring, and consisted of a 1918 straw hat, with a coil around the crown and switch arms, etc., on top, thus making it easy to wear and listen in at the same time. The prize was a one-tube receiving set.

DEBATE WON BY NEGATIVE TEAM

The negative was victorious in the Columbian Debating Society debate, April 4, on "Resolved, That this house enter a protest against religious persecution in Russia." The negative was represented by Isidore Levin, E. B. Moulton, and Waldo Gardner. "The United States' entrance into the League of Nations," is the tentative question for next Friday.

CONDUCT DRIVE IN BOSTON

William Mather Lewis, president of the University, and George N. Henning, dean of the Graduate School, will speak on April 17, to the alumni of George Washington in Boston in the interest of the endowment campaign.

If you knew what ageing in wood does for pipe tobacco

Even the finest Kentucky Burley Tobacco (and that's the kind we use) is green and raw when it's pulled. You could hardly smoke one pipe load of it.

And here's where Velvet is different: Our ageing takes out that rawness and harshness, and makes the tobacco mild and mellow and gives it fine flavor. Ageing in wood does what no artificial treatment can do.

Remember—Velvet Tobacco aged in wood.
